

# Compliance Services

## Solution Overview

---

Providing card services to your customers means more than managing transactions, developing new product and services and supporting new technologies. Your organization is also required to absorb an ongoing stream of business and processing rules and regulations defined by the card companies. ReD Consulting Compliance Services can assist your organization with the assimilation of current rules into products and services.

## Business Needs

---

The business and technology managers of your organization:

- ◆ Struggle to keep up with the MasterCard, Visa, Diners, JCB, Europay and other card association regulatory requirements
- ◆ Do not understand the short and long-term business impacts of the compliance changes
- ◆ Are not prioritizing mandatory and optional regulatory changes based on your company's goals and strategies
- ◆ Have problems planning for future regulatory changes
- ◆ Need to focus technical resources on projects that address competitive differentiation

## Business Solutions

---

To assist your organization with the business of compliance, ReD Consulting offers two levels of service through our dedicated compliance group.

## Corporate Information

---

ReD Consulting provides planning and analysis services to leading organizations seeking to improve their profitability, service and competitive position through existing and new technology. ReD has helped more than 400 customers in over 40 countries develop practical solutions to the challenges and opportunities they face. ReD Consulting is part of the Retail Decisions group. Retail Decisions is in the business of adding value to payment transactions and is involved with electronic payment systems on a global basis, working with banks, retailers, card, petroleum and telecommunications companies.
